# GeoSask

April 5, 2016

Dear GeoSask Member:

**GeoSask Service and Website Closing Down on May 19, 2016**

As you may be aware, GeoSask is a collaborative initiative between the Government of Saskatchewan and Information Services Corporation (ISC) that provides you access to Saskatchewan geographic information system (GIS) data and maps through the www.geosask.ca website.

Following a joint decision by the Government of Saskatchewan and ISC, the GeoSask service and website will no longer be operational after May 19, 2016.

Please visit gis.saskatchewan.ca for information on Government of Saskatchewan spatial information including datasets currently available via GeoSask. The Government of Saskatchewan's new site is under development but is expected to be available prior to May 19, 2016.

**For those looking for Saskatchewan Cadastral Dataset, SaskGrid Township Fabric Map, Administrative Boundary Map, and Saskatchewan Road Network Database;**
- Free sample GIS data sets will be available for download at www.isc.ca/MapsandPhotos/GISData
- Full GIS data sets and maps can be purchased by contacting ISC at ask@isc.ca or 1-866-275-4721. We encourage you to contact us at your earliest convenience to enter into a licensing agreement.

If you have any questions, please contact Government of Saskatchewan or Information Services Corporation at ask@isc.ca or 1-866-275-4721 or visit www.isc.ca/geosask.

On behalf of ISC Surveys and Geomatics team, I'd like to thank you for your support of GeoSask over the past eight years, and we look forward to providing you with trusted geomatics solutions in the future.

Sincerely,

Surveys and Geomatics
Information Services Corporation
