Parcel Class Code Change	No	No	Review Dedicated Land or Road Closure document (Sale or Exchange)
Consolidation of full parcels	No	No Municipality's Consent in the form of a Letter, Motion, Resolution or Bylaw.	No Legislation, PPS Policy

Additional Notes:

- Consolidation of a Public Highway** with parcel/s that it was derived from or adjacent to does not require Municipality's consent. In all other cases the Municipality's consent is required.
- Where a **Department, Board, Commission or other Agency of the Provincial Government** presents a plan for approval to the Controller of Surveys, the Controller of Surveys shall approve the plan if acceptable without the plan being accompanied by the **Community Planning Approval (CPA)**. This is in accordance with S121 (7). An example would be in a case for a Provincial Highway where The Department of Highways & Transportation would keep the CPA in their file.
- Municipal Expropriation** may be used for any class code of land such as a generic parcel, road, dedicated land etc. Approval from the Municipality and Minister (Community Planning) is required. (Section 16 & 17 of The Municipal Expropriation Act) If the expropriation is for a part of a parcel, Community Planning Approval is required.
- A **CPA or Affidavit** is not required where the Approving Authority provides a letter stating such. (Section 121(5))
